WHAT'S NEW

- Star Tribune Outdoor Living Area features all of the experts and retailers to make your yard, patio, and outdoor living space beautiful and green.
- Expanded free activities for kids and the whole family including the Minnesota Zoomobile from the Minnesota Zoo, seed plantings to take home, play with the Minnesota Children Museum, an interactive 17-foot earth globe and many more.
- Tesla Roadster electric car featured among many plug-in and new model hybrids, a natural gas vehicle, converted gas to electric vehicles, and a neighborhood electric vehicle.
- Tour a real green facility. The AFL-CIO building on the fair grounds has been completely re-built to be sustainable. Stop by to see all of the latest technology and meet workers with real green jobs. They will also present 6 workshops.

THE EXPO The Living Green Expo is a free, annual event taking place at the Minnesota State Fairgrounds the weekend of May 2-3, 2009. The Expo provides information and products to help Minnesotans improve the environmental and social impacts of their day-to-day living. The Living Green Expo features over 250 exhibitors of products, services, and information, along with more than 60 workshops on a variety of sustainability and green living topics. Expo attractions include music, food, demonstrations, and activities for the whole family. The Minnesota Pollution Control Agency leads a collaboration of governmental, nonprofit, and business organizations to produce the Living Green Expo. For more information visit www.LivingGreen.org.
